

Shellfield Farm ready meals - 2022 price list

Our meals are homemade in small batches from our commercial kitchen, which is located on our hill farm. Our meals showcase provenance - we use our own grass-fed lamb & beef, local wild venison, organic, free range Scottish reared chicken, and fish caught locally. We don't put additives into our meals – we even make our own bone stocks - and they are supplied frozen to preserve flavour and quality, with a four month shelf life from the date of production. We offer mains, sides and desserts, which are designed to complement one another and give optimum variety and choice to the customer; we offer vegetarian and minimise use of gluten. We offer retailers 20%, with free delivery on orders over £400. We can supply products unpriced to enable retailers to apply their own prices. Minimum order quantities apply depending on location.
